"Careclean Building Services was a new company that we tried and they were excellent. They did our whole building at the Boys & Girls Club of Stoneham and it looks beautiful!!!!!!"

-Donna Divirgilio, Club Director, Boys and Girls Club Stoneham

"We hired Careclean for a deep thorough cleaning of our 10,000 sq. feet co-working office space. The services they gave us went above and beyond our expectations. They cleaned our carpets, conference rooms, kitchen and bathrooms. They also steamed cleaned our lounge sofas and cloth desk chairs. Not to mention they also wiped down our furniture. We hired them a total of three times for other jobs and now have retained them to clean not one but two offices of ours on a daily basis. I would definitely suggest hiring them."

-Monique M. Harriott, Office Manager, Intrepid Labs

"Careclean Building Services stripped and waxed my vinyl tile office floor. The floor had not been waxed in seven or eight years. It was very rough shape and ACC Facility Service brought it back to life. It looks terrific!"
